

# ORDER FORM

## ***The Eating Smart and Moving More Planning Guide for Faith Communities:***

1. Provides step-by-step guidelines for starting and maintaining an Eating Smart and Moving More committee in your faith community.
2. Includes a Faith Community Health Assessment Survey and a Member Health and Interest Survey to learn more about members' health and the health of the faith community.
3. Provides information on potential policy changes, environmental supports and changes in practice as well as ready-to-use programs to promote healthy lifestyles.

## ***The Eating Smart and Moving More Planning Guide for Faith Communities***

helps faith communities make and sustain changes that promote healthy eating and physical activity. This guide will help your faith community adopt policies, environmental changes, and practices that will support healthy eating and physical activity in your community of faith. Creating an Eating Smart and Moving More Program in your place of worship will be an exciting process. This guide will provide all of the necessary tools you need to get started.
